

Hello fellow train enthusiasts! Our last meeting was the Evanston Train Show. Although there was a lot of issues with the other clubs and not allowing them to run smoke at all, we somehow survived the storm, and we compromised. That can go either way, and being the Hostlers was the host for the show I guess there's a choice to be made. I'm not going to put my personal beliefs here as this is a newsletter for the entire club, so I'll keep that private. I'll attach a great picture that was taken at the show from a backdrop we found to put on our layout.

September meeting will be the 19th at Kent's Home at 6pm and as of right now we have no meeting for the month of October. His address is 2611 Pine Meadow place in Salt Lake. At 6pm.

I've received an Email from Mike Dean for the upcoming train show on November 7th and 8th, but I've not received any other information about setup, show times, or nothing at the time. They are asking for 5 volunteers to help out for 2 hour increments during the show weather it be for Ticket tables, family activities and to help coordinate the set up and tear down activities at Stadler.

Ron Cevering has the club layout at the Union station open every 2nd Saturday of the month for those who would like to bring their trains to run. He opens the layout at Noon and closes at 4pm. This layout is set up to run both Legacy and M.T.H. DCS. Bring your trains have fun and enjoy the comeradery of our club

Train Shoppe at Gardner Village is open 10am to 6pm Monday through Saturday, but changes due to Witch fest which starts the 19th 10am to 6pm Monday through Thursday, then 10am to 8pm Friday and Saturday. Here's another note is they are charging for parking at Gardner Village on Friday and Saturday's, and through the month of October will charge for Thursday through Saturday.
